

# CHRISTOPHER LEMKE

## WEB DEVELOPER

/in/christopherlemke | [github.com/spcbrn](https://github.com/spcbrn) | [c.lemke.dev@gmail.com](mailto:c.lemke.dev@gmail.com) | [christopherlemke.com](http://christopherlemke.com)

## PROJECTS

- 2017** **GO.IO**  
Personally Developed - [React/Redux/HTML5/CSS3](#)
  - Website designed to wrap and utilize Google's QPX Express Airfare API
  - Fully responsive design optimized for desktop and mobile use.
  - Single page app with no back-end server.
- 2017** **UNSPLASH.COM - CLONE**  
Personally Developed - [React/Redux/Node/SQL/Autho](#)
  - Designed and developed faithful clone of the unsplash.com UI.
  - Site is fully responsive and works with Autho and a SQL database.
  - Utilizes live API to show constantly updating Unsplash content in real-time.
- 2017** **TOURNAMENT KING**  
Front-End Design and Dataflow - [React/Redux/Node/Socket.io/SQL/Autho](#)
  - Designed and engineered dynamically rendering tournament bracket tree.
  - Incorporated live-updating functionality for real-time competition updates.
  - Worked on front/back end implementation of authentication and websockets.
