CHRISTOPHER LEMKE

PROFESSIONAL WEB DEVELOPER

/in/christopherlemke | github.com/spcbrn | c.lemke.dev@gmail.com | christopherlemke.com

PROJECTS

2017 — **GO.IO**
Personally Developed - React/Redux/HTML5/CSS3
• Website designed to wrap and utilize Google's QPX Express Airfare API
•Fully responsive design optimized for desktop and mobile use.
•Single page app with no back-end server.

2017 — **UNSPLASH.COM - CLONE**
Personally Developed - React/Redux/Node/SQL/Auth0
• Designed and developed faithful clone of the unsplash.com UI.
• Site is fully responsive and works with Auth0 and a SQL database.
•Utilizes live API to show constantly updating Unsplash content in real-time.

2017 — **TOURNAMENT KING**
Front-End Design and Dataflow - React/Redux/Node/Sockets.io/SQL/Auth0
• Designed and engineered dynamically rendering tournament bracket tree.
• Incorporated live-updating functionality for real-time competition updates.
• Worked on front/back end implementation of authentication and websockets.

EDUCATION

2017 — **DEVMOUNTAIN**
Full-Stack Certification
Web Development Immersive Program

2007-2008 — **MINNESOTA SCHOOL OF BUSINESS**
Associate of Arts - AA
Digital Video and Media Production
